General Comment

The President , some Senators and House of Reps believe the people of this country are not smart enough to plan for there own retirement. This is the epitome of the progressive nanny state mentality.

The progressives want to control what we eat, how much we make, our health care, and NOW our retirement. If we invested in a 401K or an IRA, we will be affected by these new DOL regulations ordered by the President.

Please allow citizens that are planning for our own retirement be allowed to continue just that and restricting the age that people can retire without government interfering.

Very Concerned American,
