## General Comment

I am perfectly capable of managing my own 403b and IRA and want the government to stay out of my business. I started planning when I began to work. Maybe if they actually taught something in school that made the youth think instead of how they feel the youth may learn how to plan for themselves. I believe that everyone has personal responsibility for themselves and need to be educated on how to take care of themselves. Stop trying to confiscate what I earned and saved and want to tell me what to do with it.
