## General Comment

It's not necessary nor is it wanted what the government is trying to do... become socialist! It's already proven not to work. The only happy people are the ones in charge. But your greed and your lack of self control is gone far enough already. .. Obama and his everyone is entitled to everything policy is turning America into Greece! We need to get back to having some pride, to sharing the pie, to wanting and watching people pull themselves out of poverty. ... not put them in it!! Get it together!
