## General Comment

I've recently retired and I've spent a lot of time planning for my retirement. I have worked 40 years for the same company and have worked hard to get to this time in my life and I do not want anyone or my government to tell me how I spend the hard earned money that I have saved for me and my wife to enjoy. I've never taken a penny from my government in unemployment, welfare or health care and I don't want my government to mandate how I spent the money I earned. Stay away from me and my money. I'm smart enough to manage my own money and I know I'll do a much better job than the federal government.
