## General Comment

Leave our 401K alone ... this is the only way Americans can safely build wealth and NOT rely upon the government to provide for them. DO NOT enact restrictions on how 401K funds can be used, before OR after retirement age. PERIOD.

We need to encourage EVERY person in the United States to put as much as possible into 401K plans and other forms of savings/investment and relieve the burden of individual retirement responsibility from the Government.
