We are writing in support of the fiduciary standard rule and Fee-Only planning. Our financial advisor, Tracy St. John, is a Fee-Only advisor, and we have been very pleased with her fiduciary advice as we navigate our recent retirement. Ms. St. John is a Garrett Planning Network advisor, and we have worked with her for almost two years. Our previous Fee-Only financial advisor was also with Garrett Planning Network, and we had worked very successfully with this gentleman for four years before he retired.

We are very pleased with Ms. St. John and are very confident that she is managing our assets for our benefit rather than her own profit. We feel that she makes every effort to have an ethical relationship with us and with her guidance we will have a happy and successful retirement.

Thank you.
