**Subject:** Regarding: RIN 1210-AB33

I want to make it very clear that any attempt to force my defined contribution retirement plans into ANY form of investment product or structure will be seen as a confiscation of capital for government purposes, and entirely unacceptable.

I DO NOT accept, approve of, or even marginally tolerate any government efforts to control the investment of my savings. If someone is not capable of managing their funds without such "help", then they are probably hopeless regardless of the "help" you are offering in this respect.
