Fayetteville, GA,

Organization: Taxpayer

General Comment

Changing the rules to require retirement plans to provide more usefull information on investment choices and their associated risks so that I can make informed decisions is welcome.

Any changes that restrict my ability to manage my own retirement accounts and/or FORCE me to utilize specific private or government retirement programs is not!

I have spent my entire working career managing my assets to allow for a comfortable retirement and would vigorously oppose any attempt to take the decision making for those funds out of my hands.
