I am appalled that the government is proposing yet **another** takeover, this time of retirement accounts such as 401(k)s. The American people are far superior in their ability to manage their finances (and their health care, and everything else) than bureaucrats. It is blatant theft of our property in the name of altruism, and will lead to more economic disaster. It is unconstitutional, (not that our politicians care anymore) and **IMMORAL!** I most strongly **oppose** it!
