If government confiscation of individual 401-k and IRA funds is allowed to happen, our nation is no longer free. This is an obvious effort by politicians and government bureaucrats to steal private money to pay for their abusive, profligate spending. I am totally against this, even if it is only an "option" as it opens the door even further for government intrusion into my life and the lives of American citizens everywhere.

Our forefathers would be repulsed and sickened by this and other abuses of freedom by the federal government. DO NOT try this unless you want anarchy and rebellion in our freedom-loving nation.
