Dear Kathleen Sebelius, Secretary of Health & Human Services,

Very wise decision. Along with the benefits noted by liberals, I anticipate that this position - making birth control available in health insurance plans - will also result in fewer unwanted pregnancies, leading to a drop in abortions.

Since I very much oppose abortions, I find this decision by your department wise and moral, and a big step toward reducing the number of abortions in this country.

Thank you.

Sincerely,

Jeanne Wilson
