To Whom It May Concern:

I am writing today to ask in the strongest way possible that you rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients.

Quite simply, I pay health insurance premiums, and I object to being charged, however indirectly, for someone else's elective procedure. I would feel the same way if it were for a "nose job" or a "chin tuck."

If you do not reverse course I ask you to expand conscience protections for any organizations that provide individual and group insurance and have moral or religious objections.

Sincerely,
Robert Jones
