Subject: Protect Conscience of Military Members
Date: Wednesday, September 07, 2011 8:22:54 PM

Dear Congressman Reichert:

Please support Congressman Hunter (CA) as he seeks to protect conscience, religious and free speech rights of military persons who believe differently than the law supporting homosexual persons serving in the military. While the law provides for homosexual military membership, those who feel differently will accept such but shouldn't have to espouse what is truly not their moral belief!

Please protect the conscience rights of military who do not accept homosexual behavior as moral but who yet are committed to working alongside those same homosexual military brothers/sisters for effective military service.

Sincerely, A Cowart

Sincerely,
A Cowart
Carnation, WA 98014
