To Whom It May Concern:

Please rescind your anti-life, anti-religious mandates for insurance providers.

Please rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients. The government should NOT force insurance coverage on Americans especially for free coverage drugs and devices that I oppose because some of these can cause an abortion (such as ella and Plan B).

This legal mandate clearly violates the spirit of conscience laws

Sincerely

Jean Doi
