To Whom It May Concern:

Please protect the conscience rights of insurers, providers and people like me who object to being forced to offer or subsidize contraceptives and sterilization services, especially when some of these drugs can take the life of early unborn children.

No Americans should be forced by the federal government to essentially subsidize services they object to. I urge you to reverse course and remove contraceptives and sterilizations from the list of mandatory preventive services.

Sincerely,  
Heidi Stoller
