General Comment

I am appalled that the Catholic Diocese of Pittsburgh will cancel their insurance coverage for their employees because of mandatory birth control coverage in healthcare. As a Catholic, I'm tired of the church's HYPOCRISY regarding women's rights. Where was the church when children were being molested by their own employees? The Catholic church is starting to act like they're Republicans and not as a religion. Women have the right to chose what to do with their bodies not the church, their husbands/boyfriends, etc. We make the decisions each and every day when it comes to our healthcare not the church or government. Stay out of my uterus!
