Re: Proposed Regulation Changes to 5500 and Schedules

NO to changes. More reporting and more regulations and more expenses and time consuming tasks—
are you trying to put all small businesses out of business? Isn't it enough that health insurance is so
much more expensive now than before Obama Care!?!?!?

- . 2 small families, 1 couple and 4 individuals – monthly premium is about \$9500!!!
- . Family annual deductible is \$4000!!!
- . Range of cost of annual family BEFORE any benefits is \$\$23200 - \$31,300

This small business is one of many that contributes to the community.

Thank you.
