Subject: Fiduciary Rule

Gentlemen-

I applaud your decision to delay the April 10 start date to June 9. However, I still urge you to cancel the fiduciary rule from ever being started. I have been an advisor for over 23 years. I have always put my client first.

Forcing them to pick from a grandfathered status to a fee based program is madness. The government should stay out of the retirement planning business. Any new clients would be forced into a fee based platform where they will be paying MORE for my service. How is that in their best interest?. This rule was bad from the get go.

PLEASE repeal this flawed rule.

The highest compliment a client can offer me is a referral to someone they care about. I would welcome the opportunity to introduce myself to a friend, family member or co-worker who would be interested in our advice and services. Thank you for your continued business and your kind referrals !
