General Comment

Please do not pass new regulations on to our IRA accounts. They are all ready over regulated and regulation should be withdrawn in many situations. This is my money which I save from My paycheck and I want to be able to grow it as I see fit without these overreaching over sites and regulations. I currently trade covered calls in my IRA to generate income and reduce my risk. This is a basic sound strategy for owning stock and generating income from them. I have taken numerous classes and had training in this area and if it is restricted I will have lost a valuable tool for increasing my retirement funds. Please do not pass further restrictions or regulations on my retirement accounts. Thank you
