Comment on FR Doc # 2015-08831

Submitter Information

Name: Pat Oslenson

General Comment

Hands off our ability to trade options inside IRA's or 401-K's. These instruments can be used to make investing MORE safe, in addition to just simply adding leverage. There are plenty of disclosures that need to be signed anyway before options trading is allowed in financial accounts. Hands off and quit trying to be our damned NANNY on everything. Enough with the cradle to grave NANNY STATE.
