General Comment

I oppose "RIN 1210 - AB32" because it would restrict my ability to write options contracts in my IRA account. I use options to actually reduce, not increase, the risk of my portfolio positions in my IRA. I have spent time studying option trading and use written options to decrease my market risk. The ability of writing options has benefited me greatly and allowed my IRA balances to grow. This legislation as written is flawed and should not be passed.
