General Comment

What a totally over-worked site! Whoever designed it managed to make it about as complicated to use as humanly possible. Anyway - - hoping I'm in the right spot to voice comments & frustrations - - here is my submission: To Congress and various other involved lawmakers and bureaucrats; - - do not restrict the ability of our IRA accounts to choose "options". Leave the market alone! This new regulation is not needed - - besides nothing you people touch with your inane ill-conceived poorly thought out regulations ever seems to improve things. So let me repeat - - leave the market alone. This country is currently in serious decline - - things are a mess. Instead turn attention to issues that really matter (border security, a broken immigration system, ISIS, Iran, jobs, economic growth, etc. etc.) to name just a few. W. Stone, Dripping Springs, TX - - voter with a memory.
