General Comment

Please do not restrict IRAs from the use of options. I have spent many years learning to use options in my IRA and it has made a substantial difference in the amount of money I have been able to accumulate for my retirement years. I count on the use of options to grow my and my wife's IRAs to both earn more money and to hedge against market volatility.

Consider it like this - the more I am able to accumulate in my IRA, the more tax revenue the government will receive in my "distribution" years.
