Comments on RIN 1210-AB32

It is my understanding that a new rule, RIN 1210-AB32, will limit or restrict the ability of one to trade options in an IRA account. Please be advised that I am not in favor of this proposal

and I believe that it is patently unfair. I deserve every retirement savings/earnings tool at my disposal. I have taken the time to learn proper options trading and have not subjected

my IRA savings to any unnecessary risks. My IRA retirement account has grown noticeably to due the ability to trade options. Properly executed options allow one to earn cash premiums

and actually allow you to purchase blue chip stocks at a reduced prices.

Please do not limit my ability to grow my retirement funds within an IRA by restricting option trading within an IRA account.

Thank you so very much!

Kenneth Peck
