please do not allow this law to pass. it is obviously another way for the government to tax people. currently i have a roth IRA and i trade options on a small scale to seek yield. i purposely put my money in a roth so i can try to have some income in retirement and i am counting on that money being used to live on NOT to give away in taxes. if you want to stop the ROTH ira, which would be unethical in my opinion, try passing that but you have no right to tell me how i can or cannot invest ANY monies in have in an IRA. this is the US right? last time i checked we weren't in Cuba.

if you want to save some tax revenues figure out how to fix ALL the entitlement pgms and illegal immigration. stop finding ways to tax honest law abiding citizens. finally, the more a gov't taxes a society the more they will seek illegal activities to avoid the taxes, which in turn will decrease tax revenues. it's a viscous cycle but for it to end the gov't has to take the first step and lower taxes and stop taxing its citizens so excessively, which btw, it is supposed to be serving.
