Subject: DOL Limiting Choices in IRAs

Mr. Bill Wagner

Dear Labor:

As an unemployed aerospace engineer, I've invested considerable time learning to use options to limit the risk in my IRA accounts and have been successful doing so. Now it appears that may have been a waste of my time as have the four years I've spent looking for work in southern California. At 64 I am no longer likely to regain employment after being laid off the first time in my life. I'm retired, but not by choice.

Why is the Department of Labor involved with my IRAs to further limit my choices and diminish my efforts to make the best of what I have? Our executive branch is out of control with inferred power only because Congress allows it.

My policy with social media has been to avoid political discussions. This attack from the DOL is a game changer for me.

Sincerely,

Mr. Bill Wagner
