October 21, 2016

Dear Matt Breitingger,

On 05/18/2016, an OSHA compliance officer met with you or your representative as part of an inspection at 20 BAIRD PARKWAY Mansfield, OH 44903. This letter includes the citations for the violations that were found (see summary below). Please choose one of the three options from the box to the right and complete the associated steps found on the following page **within 15 working days**. Please call us if you have any questions about the enclosed citation and/or penalties; we are here to help you choose the best option to resolve your citation as quickly as possible.

Sincerely,

Kimberly Nelson, Area Director

For

**Your Citation Summary**  
**MILARK INDUSTRIES, INC.**  
Inspection Number: 1148580

**Total Amount Due: \$386,598.00**  
**Payment Due Date: 15 working days**  
**after receipt of**  
**this letter**

*You must correct each violation by the date listed in the Citation and Notification of Penalty. Please see the violations and the correction deadline for each violation starting on page 6.*

**Total Number of Violations : 4**

**Your First Correction Deadline is:**  
**November 1, 2016**

**Step 1 – Choose a Response  
Option and  
Act within 15 working days**

Respond now before you lose the ability to discuss potential adjustments to penalty amounts and/or due dates. Please choose one option below and complete the steps on the next page.

**Option #1 – Discuss with OSHA**

I would like to discuss the citation with an OSHA representative. This may lead to changes in the penalty amount, due date or correction deadlines (if appropriate).

**Option #2 – Correct and Pay**

I agree with the citation, penalties, and correction deadlines, and do not contest.

**Option #3 – Contest the Citation**

I do not agree with the citation, penalties, and/or correction deadlines, and would like to contest.

**Questions or Concerns?**

If you have any questions or concerns regarding the citation, penalties, and/or correction deadlines, please call us at (419) 259-7542.

## Step 2 – Complete One Option Checklist

Please post a copy of the citation at or near the place where each violation occurred, even if you plan to contest. You can use the checklist to the right to help plan your next steps. Please do not send in your checklist.

### Option #1 – Discuss with OSHA

I will complete by:

1. Call OSHA at (419) 259-7542 as soon as possible to schedule a meeting with an OSHA representative that must occur **within 15 working days** of receiving this citation. Bring supporting documentation of existing conditions and corrections done thus far. If necessary, you can still contest the citation after this meeting. **\*\*This meeting does NOT extend your 15 working day deadline to contest the citation.\*\***

 \_\_\_ / \_\_\_

2. Fill in and post the attached "Notice to Employees OSHA Informal Conference" after scheduling meeting.

 \_\_\_ / \_\_\_

### Option #2 – Correct Violations and Pay Penalty

I will complete by:

1. Correct violations, then complete and mail the attached "Certification of Corrective Action Worksheet" along with the appropriate evidence of repair (e.g. photos, purchase orders, etc.) to the OSHA office listed on the first page, **postmarked within 10 calendar days after each violation's correction deadline and include any required evidence. If these documents are transmitted by means other than mailing, the date the Agency received the documents is the date of submission.**

 \_\_\_ / \_\_\_

2. Pay the **Total Penalty** by using one of the following methods:  
**\*\*Include your Inspection Number (see first page) on the payment.\*\***

 \_\_\_ / \_\_\_

*Pay Online:* Search "OSHA" on [www.pay.gov](http://www.pay.gov) and complete the "OSHA Penalty Payment Form." Pay by debit, credit or Automated Clearing House (ACH) **within 15 working days**. Penalties over \$25,000 must be paid by ACH and require a Transaction ID (Call 202-693-2170 to obtain one).

*Pay by Check:* Mail check or money order payable to "DOL-OSHA" for the Total Penalty to the OSHA office listed on the first page **within 15 working days**.

### Option #3 – Contest the Citation

I will complete by:

Mail a letter of intent to legally contest to the OSHA office listed on the first page, postmarked **within 15 working days**.

## Citation and Notification of Penalty

---

**To:**  
MILARK INDUSTRIES, INC.  
and its successors  
536 SOUTH AIRPORT ROAD  
Mansfield, OH 44903

**Inspection Number:** 1148580  
**Inspection Date(s):** 05/18/2016 - 06/06/2016  
**Issuance Date:** 10/21/2016

**Inspection Site:**  
20 BAIRD PARKWAY  
Mansfield, OH 44903

*The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.*

---

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty **you either call to schedule an informal conference (see paragraph below) or** you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

**Posting** - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

**Informal Conference** - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

**Right to Contest** – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. **Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.**

**Penalty Payment** – Penalties are due within 15 working days of receipt of this notification unless contested. (See the enclosed booklet and the additional information provided related to the Debt Collection Act of 1982.) Make your check or money order payable to “DOL-OSHA”. Please indicate the Inspection Number on the remittance. You can also make your payment electronically on [www.pay.gov](http://www.pay.gov). On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type "OSHA" and click Go. From the results, click on **OSHA Penalty Payment Form**. The direct link is:

<https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>.

You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will process the payments as if these restrictions or conditions do not exist.

**Notification of Corrective Action** – For each violation which you do not contest, you must provide ***abatement certification*** to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. If the citation indicates that the violation was corrected during the inspection, no abatement certification is required for that item. The abatement certification letter must be posted at the location where the violation appeared and the corrective action took place or employees must otherwise be effectively informed about abatement activities. A sample abatement certification letter is enclosed with this Citation. In addition, where the citation indicates that ***abatement documentation*** is necessary, evidence of the purchase or repair of equipment, photographs or video, receipts, training records, etc., verifying that abatement has occurred is required to be provided to the Area Director.

**Employer Discrimination Unlawful** – The law prohibits discrimination by an employer against an employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the U.S. Department of Labor Area Office at the address shown above.

**Employer Rights and Responsibilities** – The enclosed booklet (OSHA 3000) outlines additional employer rights and responsibilities and should be read in conjunction with this notification.

**Notice to Employees** – The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date to be unreasonable. The contest must be mailed to the U.S. Department of Labor Area Office at the address shown above and postmarked within 15 working days (excluding weekends and Federal holidays) of the receipt by the employer of this Citation and Notification of Penalty.

**Inspection Activity Data** – You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at [www.osha.gov](http://www.osha.gov). If you have any dispute with the accuracy of the information displayed, please contact this office.

---

**Citation 1 Item 1** Type of Violation: **Serious**

29 CFR 1910.147(c)(7)(i)(A): Authorized employee(s) did not receive training in the recognition of applicable hazardous energy sources, the type and magnitude of the energy available in the workplace, and the methods and means necessary for energy isolation:

A) Milark Industries, Inc.; located at 20 Baird Parkway; Mansfield, OH 44903: On or about May 9, 2016, the employer did not properly train employees to lockout/tagout equipment such as, but not limited to, the turn table robotic welding cells # 100058, # 100059, and # 100071. Employees did not control multiple hazardous electrical energy sources before employees conducted activities such as, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds. The OTC DR-4000 Weld Robots, Almega EX-V6 Weld Robots, and turn tables of the robotic welding cells were not isolated from electrical energy sources prior to engaging in these servicing and maintenance activities, which exposed employees to struck-by and crushing hazards.

In accordance with 29 CFR 1903.19(d), abatement certification is required for this violation (using the CERTIFICATION OF CORRECTIVE ACTION WORKSHEET), and in addition, documentation demonstrating that abatement is complete must be included with your certification. This documentation may include, but is not limited to, evidence of the purchase or repair of the equipment, photographic or video evidence, or written records.

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

**Citation 2 Item 1 a** Type of Violation: **Willful**

29 CFR 1910.147(d)(3): All energy isolating devices that are needed to control the energy to the machine or equipment are not physically located and operated in such a manner as to isolate the machine or equipment from the energy source(s):

The employer does not protect employees from the hazardous energy of machinery or equipment by turning off or shutting down machinery or equipment as required by energy control procedures, ensuring energy isolation devices are operated to isolate machinery or equipment from their energy source(s), and affixing lockout devices to energy isolation devices by authorized employees:

A) Milark Industries, Inc.; located at 20 Baird Parkway; Mansfield, OH 44903: The employer does not ensure that employees locate the energy isolating devices of the turn table robotic welding cell # 100058 and operate those devices in such a manner as to isolate the OTC DR-4000 Weld Robots and turn table from electrical energy source prior to allowing employees to enter the point of operation in order to conduct activities such as, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds. The OTC DR-4000 Weld Robots and turn table of the robotic welding cell are not isolated from the electrical energy source prior to engaging in these servicing and maintenance activities. The employees are exposed to struck-by and crushing hazards.

The most recent failure to protect employees from hazardous energy or equipment occurred on or about May 9, 2016, when the employer did not ensure an employee located the energy isolating devices of the turn table robotic welding cell # 100058 and operated those devices in such a manner as to isolate the OTC DR-4000 Weld Robots and turn table from electrical energy source prior to entering the robotic welding cell. The machine was not isolated from all energy sources prior to engaging in this activity.

As a result, the remaining applicable energy control elements, involving lock-out/tag-out device application [1910.147(d)(4)], dissipation of residual energy [1910.147(d)(5)], and verification

#### Citation 2 Item 3 a Type of Violation: **Willful**

29 CFR 1910.147(d)(3): All energy isolating devices that are needed to control the energy to the machine or equipment are not physically located and operated in such a manner as to isolate the machine or equipment from the energy source(s):

The employer does not protect employees from the hazardous energy of machinery or equipment by turning off or shutting down machinery or equipment as required by energy control procedures, ensuring energy isolation devices are operated to isolate machinery or equipment from their energy source(s), and affixing lockout devices to energy isolation devices by authorized employees:

A) Milark Industries, Inc., located at 20 Baird Parkway, Mansfield, OH 44903: The employer does not ensure that employees locate the energy isolating devices of the turn table robotic welding cell # 100071 and operate those devices in such a manner as to isolate the Almega EX-V6 Weld Robots and turn table from electrical energy source prior to allowing employees to enter the point of operation in order to conduct activities such as, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds. The Almega EX-V6 Weld Robots and turn table of the robotic welding cell are not isolated from the electrical energy source prior to engaging in these servicing and maintenance activities. The employees are exposed to struck-by and crushing hazards.

The most recent failure to protect employees from hazardous energy or equipment occurred on or about May 18, 2016, when the employer did not ensure an employee located the energy isolating devices of the turn table robotic welding cell # 100071 and operated those devices in such a manner as to isolate the Almega EX-V6 Weld Robots and turn table from electrical energy source prior to entering the robotic welding cell. The machine was not isolated from all energy sources prior to engaging in this activity.

As a result, the remaining applicable energy control elements, involving lock-out/tag-out device application [1910.147(d)(4)], dissipation of residual energy [1910.147(d)(5)], and verification

of isolation [1910.147(d)(6)], were not implemented to protect employees from machine servicing hazards such as, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds.

To abate this violation, the employer must ensure that machinery or equipment are turned off or shut down, energy isolation devices are operated in a manner to isolate the machinery or equipment from the energy source(s), and lockout devices are affixed to energy isolation devices as part of the hazardous energy control process for servicing and maintenance activities including, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds.

In accordance with 29 CFR 1903.19(d), abatement certification is required for this violation (using the CERTIFICATION OF CORRECTIVE ACTION WORKSHEET), and in addition, documentation demonstrating that abatement is complete must be included with your certification. This documentation may include, but is not limited to, evidence of the purchase or repair of the equipment, photographic or video evidence, or written records.

### Citation and Notification of Penalty

**Company Name:** MILARK INDUSTRIES, INC.  
**Inspection Site:** 20 BAIRD PARKWAY, Mansfield, OH 44903

---

Citation 2 Item 3 b Type of Violation: **Willful**  
29 CFR 1910.147(d)(4): A lockout device is not attached to all power sources:

The employer does not protect employees from the hazardous energy of machinery or equipment by turning off or shutting down machinery or equipment as required by energy control procedures, ensuring energy isolation devices are operated to isolate machinery or equipment from their energy source(s), and affixing lockout devices to energy isolation devices by authorized employees:

A) Milark Industries, Inc., located at 20 Baird Parkway; Mansfield, OH 44903: The employer does not ensure that employees apply lockout/tagout devices in order to control hazardous energy of the turn table robotic welding cell # 100071 prior to allowing employees to enter the point of operation in order to conduct activities such as, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds. The Almega EX-V6 Weld Robots and turn table of the robotic welding cell are not isolated from the electrical energy source prior to engaging in these servicing and maintenance activities. The employees are exposed to struck-by and crushing hazards.

The most recent failure to protect employees from hazardous energy or equipment occurred on or about May 18, 2016, when the employer did not ensure an employee applied lockout/tagout devices in order to control hazardous energy of the turn table robotic welding cell # 100071 and isolate the Almega EX-V6 Weld Robots and turn table from electrical energy source prior to allowing employee to enter the robotic welding cell.

As a result, the remaining applicable energy control elements, involving dissipation of residual energy [1910.147(d)(5)], and verification of isolation [1910.147(d)(6)], were not implemented to protect employees from machine servicing hazards such as, but not limited to, cleaning nozzles, changing welding tips, and adjusting welds.

To abate this violation, the employer must ensure that machinery or equipment are turned off or shut down, energy isolation devices are operated in a manner to isolate the machinery or equipment from the energy source(s), and lockout devices are affixed to energy isolation devices as part of the hazardous energy control process for servicing and maintenance activities

To avoid additional charges, please remit payment promptly to this Area Office for the total amount of the uncontested penalties summarized above. Make your check or money order payable to: "DOL-OSHA". Please indicate OSHA's Inspection Number (indicated above) on the remittance. You can also make your payment electronically on [www.pay.gov](http://www.pay.gov). On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type "OSHA" and click Go. From the results, click on **OSHA Penalty Payment Form**. The direct link is <https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>. You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed

account, the bank will attempt to make the transfer up to 2 times.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

**Interest:** Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

**Delinquent Charges:** A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

**Administrative Costs:** Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
