

**Notice of Critical Status
For
Louisiana Carpenters Regional Council**

EIN: 72-1489654

Plan No. : 001

Date: September 25, 2009

Participants, Beneficiaries, Participating Unions and Contributing Employers:

The Pension Protection Act ("PPA" or "Act"), signed into law in 2006, is intended to improve the financial condition of pension plans. The Act implemented several safeguards as well as notification requirements to share more information about a Plan's "financial health" with participants and other interested parties directly related to the Plan.

PLAN'S STATUS - RED ZONE

On August 28, 2009, the Plan's actuary certified to the U.S. Department of the Treasury and the Board of Trustees that the Louisiana Carpenters Regional Council Pension Plan ("Plan") is in critical status (the "red zone") for the Plan Year beginning June 1, 2009. Federal law requires that you be notified of the funding status of the Plan and its classification of critical status ("red zone"). The Plan is considered to be in critical status because it has funding problems. More specifically, the Plan's actuary has determined that the sum of the plan's normal cost and interest on the unfunded benefits for the current plan year exceeds the present value of all expected contributions for the year; the present value of vested benefits of inactive participants is greater than the present value of vested benefits of active participants and the plan is projected to have an accumulated funding deficiency in five years.

**REHABILITATION PLAN AND POSSIBILITY OF
REDUCTION IN BENEFITS**

Federal law requires the Board of Trustees of pension plans in critical status to adopt a Rehabilitation Plan aimed at restoring the financial health of the plan. In addition to revising the plan's formula for future benefit accruals and making similar changes, as part of a Rehabilitation Plan, the law permits pension plans in the red zone to reduce, or even eliminate, benefits called "adjustable benefits." If the Trustees of the Plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions or adjustments. No reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will reduce the level of a Participant's basic benefit payable at normal retirement age. In addition, the reductions may only apply to Participants and Beneficiaries whose benefit commencement date is on or after September 25, 2009.

RESTRICTION ON LUMP SUM BENEFITS

You should be aware that effective September 25, 2009, the Plan is prohibited from paying any lump sum benefits or any other payment in excess of the monthly amount paid under a single life annuity while the Plan is in critical status. However, the mandatory lump sum distribution payable at retirement when the present value of your accrued benefit is less than \$5,000 is still permitted.

ADJUSTABLE BENEFITS

The Plan offers the following adjustable benefits that may be reduced or eliminated as part of the Rehabilitation Plan:

- Disability benefits (if not yet in pay status),
- Early retirement benefit or retirement-type subsidy,
- Subsidized Qualified Joint-and Survivor Annuity (QJSA),
- Subsidized Qualified Pre-Retirement Survivor Annuity (QPSA);
- 36-Month Guaranteed Benefits;
- Optional Forms of Payments.

EMPLOYER SURCHARGE

Any Employer who fails to timely agree to a schedule of contributions authorized under the Rehabilitation Plan on or before October 25, 2009 will incur a surcharge. The surcharge is payable to the Plan to help correct the Plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an Employer is otherwise required to contribute to the Plan under the applicable collective bargaining agreement. A 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding Plan Year while the Plan is in critical status, until the Employer agrees to a collective bargaining agreement that implements the Rehabilitation Plan. The 5% surcharge is payable on contributions required for work performed on and after October 25, 2009 until May 31, 2010, and the 10% surcharge is payable with respect to contributions required for work performed after May 31, 2010 until a negotiated contribution rate that satisfies the Rehabilitation Plan goes into effect.

The surcharges will be disregarded in determining benefits and withdrawal liability, as required by the law.

WHAT'S NEXT

The Rehabilitation Plan will be adopted by the Board of Trustees no later than April 26, 2010, but will probably be adopted much sooner. Shortly after the adoption of the Rehabilitation Plan by the Trustees, a copy will be sent to Contributing Employers and the Union. Participants and Beneficiaries will receive a separate notice identifying and explaining the effect of any reductions or adjustments of benefits and may request a copy of the Rehabilitation Plan.

You will receive notices like this each year, letting you know of the Plan's progress in stabilizing its financial status. Since the funding of the Plan is influenced by economic and financial variables beyond the control of the Trustees (such as investment market volatility and changes in employment levels and/or the number of contributing employers), unexpected developments can affect the Plan's status and cause modification of the Rehabilitation Plan and the required corrective actions needed.

The Rehabilitation Plan and any recommended changes in benefits, contributions, or other Plan provisions will be communicated to all affected individuals and parties before any changes are made. However, as previously noted, no benefit changes will be included in the Rehabilitation Plan for any retiree or beneficiary currently in pay status (with benefits started before September 25, 2009).
