

**Notice of Critical Status For
Iron Workers Local 25 Pension Fund**

This is to inform you that on July 28, 2010, the plan actuary certified to the U.S. Department of the Treasury and also to the plan sponsor, that the plan is in critical status for the plan year beginning May 1, 2010. Federal law requires that you receive this notice.

Critical Status

Under the PPA, the plan is considered to be in critical status because the plan was in critical status last year and the plan is projected to have an accumulated funding deficiency over the next nine plan years.

Rehabilitation Plan

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. This is the second year the plan has been in critical status. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. On October 1, 2009, you were notified that the plan reduced or eliminated adjustable benefits. On August 27, 2009, you were notified that as of August 28, 2009, the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status. If the trustees of the plan determine that further benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after August 28, 2009.

Adjustable Benefits

The plan offers adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt, including:

- Post-retirement death benefits;
- Disability benefits not yet in pay status;
- Early retirement benefits or retirement-type subsidies; and
- Benefit payment options other than a qualified joint-and survivor annuity (QJSA).

Employer Surcharge

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each plan year thereafter that the plan is in critical status. The surcharge ceases on the effective date of a collective bargaining agreement that includes terms consistent with the rehabilitation plan.
