Notice of Critical Status for the B.A.C. Local No. 16 Pension Plan October 2013

This is to inform you that on September 27, 2013, the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in critical status for the plan year beginning July 1, 2013. Federal law requires that you receive this notice.

Critical Status

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, there is a negative credit balance in the funding standard account this year, or there is projected to be a negative credit balance in the funding standard account within the next three years.

Rehabilitation Plan

In an effort to improve the Plan's funding situation, the trustees adopted the following rehabilitation plan on January 27, 2011. The terms of the rehabilitation plan will continue as long as required to improve the Plan's funding situation. You were previously notified of these changes on February 28, 2011.

For Plan participants not in pay status, effective April 1, 2011:

- The monthly benefit accrual rate for benefits earned from April 1, 2011 forward decreased from 2% of contributions that are counted for benefit accrual to 1% of contributions that are counted for benefit accrual
- The unreduced retirement age increased from age 60 to age 62
- Early retirement benefits paid before age 62 are reduced to the actuarial equivalent of the age 62 benefit
- The 60-month guaranteed payment period was eliminated
- The disability retirement benefit was eliminated
- The lump sum pre-retirement death benefit was eliminated

Employer Surcharge

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status. The surcharge is eliminated once the rehabilitation plan is adopted by the bargaining parties. The bargaining parties have adopted the rehabilitation plan, so the surcharge is eliminated.
