*Notice of Critical Status  
For  
Milk Industry Office Employees' Pension Plan*

This is to inform you that on September 23, 2014 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan will be in critical status for the plan year beginning July 1, 2014. Federal law requires that you receive this notice.

***Critical Status***

The plan is considered to be in critical status, because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the funded percentage of the plan is 65% or less, and the plan is projected to have an accumulated funding deficiency for the 2015 and 2016 plan years.

**Rehabilitation Plan and Reduction in Future Benefits**

In accordance with Federal law, this plan has adopted a rehabilitation plan aimed at restoring the financial health of the plan. After a review of the progress of the Rehabilitation Plan in place, the actuary has informed the Trustees that based on the current actuarial projections, the plan will not be able to exit from critical status during the rehabilitation period. The Trustees have therefore taken significant steps to forestall insolvency, including freezing benefits and increasing employer contributions. The fund has also experienced the withdrawal of a substantial employer.

**Rehabilitation Plan and Elimination of Adjustable Benefits**

The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. The Rehabilitation Plan adopted in May, 2009 eliminated the adjustable benefits in the Plan. The elimination of the adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions only apply to participants and beneficiaries whose benefit commencement date is on or after October 27, 2009. On or after that date, the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

The following adjustable Benefits have been eliminated:

- ✓ Post-retirement death benefits;
- ✓ Sixty-month payment guarantees;
- ✓ Disability benefits (if not yet in pay status)
- ✓ Early retirement benefit
- ✓ Benefit payment options other than a qualified joint-and survivor annuity (QJSA);
