

Notice of Critical Status For the ILA Local Union No. 1922-1/2062 Pension Fund

This is to inform you that on July 27, 2018, the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in critical status for the plan year beginning May 1, 2018. Federal law requires that you receive this notice.

Critical Status

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the plan has an accumulated funding deficiency for the current plan year.

Rehabilitation Plan

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. This is the eleventh year the plan has been in critical status. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. On August 28, 2008, you were notified that as of August 28, 2008 the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

The trustees have adopted a rehabilitation plan, consisting of a revised benefit structure and revised employer contributions, which may reasonably be expected to enable the plan to emerge from critical status by the end of a 13-year rehabilitation period that began May 1, 2009 and ends on April 30, 2022. On April 9, 2012, you were notified of the following changes to the plan under the rehabilitation plan:

- **Reduction in Future Accrual Rate:** Effective May 1, 2012, the monthly benefit rate for credited service is reduced from \$32 to \$22 for mechanics and office staff and from \$32 to \$18.50 for truckers.
- **Change in Credited Service Schedule:** Effective May 1, 2012, the hours required to earn future Credited Service have been changed as shown on the schedule on page 2.

If the trustees of the plan determine that further benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after August 28, 2008.

Adjustable Benefits

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt:

- Disability benefits (if not yet in pay status);
- Early retirement benefits or retirement-type subsidies;
- Benefit payment options other than a qualified joint-and-survivor annuity (QJSA);
- 120-month payment guarantees.

Employer Surcharge

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status.
