NOTICE OF CRITICAL STATUS FOR TEAMSTERS LOCAL UNION NO. 211 PENSION PLAN

This is to inform you that on March 29, 2024, the Plan actuary certified to the U.S. Department of the Treasury, and also the Plan sponsor, that the Teamsters Local Union No. 211 Pension Plan (Pension Plan) remains in critical status for the plan year beginning January 1, 2024. Federal law requires that you receive this notice.

Critical Status

A plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Pension Plan's actuary determined that the Pension Plan has an accumulated funding deficiency for the 2024 plan year.

Rehabilitation Plan

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. This is the eighth year the plan has been in critical status. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. On September 27, 2017, you were notified that as of October 27, 2017, the plan would be reducing or eliminating adjustable benefits. On April 15, 2015, you were notified that as of March 30, 2015 the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status. If the trustees of the plan determine that further benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after April 15, 2015.

Adjusted Benefits

The Pension Plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the Pension Plan may adopt:

- Disability benefits (if not yet in pay status);
- Early retirement benefit or retirement-type subsidy; and
- Benefit payment options other than a qualified joint-and survivor annuity (QJSA).

Employer Surcharge

The law requires that all contributing employers pay to the Pension Plan a surcharge to help correct the Pension Plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. A 10% surcharge is applicable for the 2024 plan year and each year thereafter in which the Pension Plan is in critical status until the employer agrees to a collective bargaining agreement that implements a rehabilitation option under the Rehabilitation Plan.
