January 28, 2026

Notice of Critical Status For

Local 734 Pension Plan

This is to inform you that on December 29, 2025, the Plan's actuary certified to the U.S. Department of the Treasury, and to the Plan sponsor, that the Plan is in critical status for the plan year beginning October 1, 2025. Federal law requires that you receive this notice.

Financial Assistance under the American Rescue Plan Act of 2021

On November 5, 2025, the Plan received Special Financial Assistance ("SFA") under the American Rescue Plan Act from the Pension Benefit Guaranty Corporation ("PBGC").

Critical Status

Because the Plan received SFA from the PBGC under the American Rescue Plan Act during 2025, the plan is certified to be in critical status for the plan year beginning October 1, 2025, and will be until the plan year ending in 2051.

Rehabilitation Plan

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the Plan. This is the 18th year the Plan has been in critical status. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. On January 27, 2009, you were notified that as of January 28, 2009, the Plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status. If the trustees of the Plan determine that further benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after January 1, 2010.

Adjustable Benefits

The Plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt:

- Disability benefits (if not yet in pay status and if active and not terminated vested)
- Early retirement benefit or retirement-type subsidy.
- Benefit payment options other than a qualified joint-and survivor annuity (QJSA)

Employer Surcharge

The law requires that all contributing employers pay to the Plan a surcharge to help correct the Plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the Plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status.

Benefit Suspension and Partition

Under MPRA, a plan that has been determined to be in critical and declining status and is projected to become insolvent may be able to adopt certain reductions to accrued benefits, subject to various requirements and limitations, if doing so is projected to prevent insolvency. Because the Plan received SFA from the PBGC under the American Rescue Plan Act during 2025, the Plan is not permitted to apply for
