

## **Notice of Critical Status For Washington, D.C. Cement Masons Pension Trust Fund (the “Fund”)**

This notice is to inform you that on March 31, 2025, the Fund’s actuary certified to the U.S. Department of the Treasury, and also to the Fund Sponsor, that the Fund is in critical status for the plan year beginning January 1, 2025. Federal law requires that you receive this notice.

### **Critical Status**

The Fund is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Fund’s actuary determined that the Fund is projected to have an accumulated funding deficiency for the 2025 plan year.

### **Rehabilitation Plan**

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. This is the 3rd year the plan has been in critical status. The law permits pension plans to reduce, or even eliminate, benefits called “adjustable benefits” as part of a rehabilitation plan. On May 16, 2023, you were notified that the plan reduced or eliminated adjustable benefits. On April 28, 2023, you were notified that as of April 30, 2023, the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status. If the trustees of the plan determine that further benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant’s basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after July 1, 2023.

### **Adjustable Benefits**

The Fund’s adjustable benefits that may be reduced or eliminated as part of any rehabilitation plan the Fund adopts include:

- Post-retirement death benefits;
- Sixty-month payment guarantees;
- Disability benefits (if not yet in pay status);
- Early retirement benefit or retirement-type subsidy;
- Benefit payment options other than a qualified joint-and-survivor annuity (QJSA);
- Recent benefit increases (i.e., occurring in the past 5 years).

### **Employer Surcharge**

The law requires that all contributing employers pay to the Fund a surcharge to help correct the Fund’s financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the Fund under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the Fund is in critical status, until the contributing employer adopts a schedule under the Rehabilitation Plan.
