

**Notice of Critical and Declining Status**  
**For**  
**Bricklayers and Allied Craftmen Local No. 7 Pension Plan**

This is to inform you that on July 28, 2017 the Plan Actuary certified to the U.S. Department of the Treasury and to the Plan Sponsor that the Plan is in critical and declining status for the plan year beginning May 1, 2017. Federal law requires that you receive this notice. In the future you will receive an annual update of this status and the progress the Plan is making towards the goals described below.

**Critical Status**

The Plan is still considered to be in critical and declining status because it is projected to satisfy the following:

Projected accumulated funding deficiency within the current or next 3 plan years

The Plan's actuary projects that, if no further action is taken, the Plan has an accumulated funding deficiency for the plan year ending April 30, 2018. Note, "accumulated funding deficiency" means that contributions would be insufficient to satisfy Federal requirements.

Projected insolvency within the current or next 15 plan years

The Plan's actuary projects that, if no further action is taken, the Plan will have a projected insolvency for the plan year ending April 30, 2023.

As required by law, the Plan Actuary's certification includes only contribution rate increases that have been codified in collective bargaining or participation agreements.

**Rehabilitation Plan and Possibility of Reduction in Benefits**

Federal law requires pension plans in critical and declining status to adopt a rehabilitation plan aimed at restoring the financial health of the Plan. A rehabilitation plan may involve reductions to future benefit accruals, increases to contribution rates, or both. The law also permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. The Plan offers the following adjustable benefits which may be reduced or eliminated (for all participants, including those not yet in pay status) as part of any rehabilitation plan the Pension Plan may adopt:

- Post-retirement death benefits;
- Disability benefits (if not yet in pay status);
- Early retirement benefit or retirement-type subsidy;
- Death benefit payment options other than a qualified joint and survivor annuity (QJSA);
- Benefit increases made within the last 60 months.

You should have already received a Summary of Material Modifications in September of 2008 that explains the benefit changes. But you should know that whether or not the Plan reduces adjustable benefits, effective as of August 28, 2008, the Plan is not permitted to pay any lump sum benefits in excess of \$5,000 (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical and declining status.

In addition the trustees of a critical and declining plan may recommend benefit reductions. The reduction must eliminate the insolvency (no more, no less), must be within allowable limits and must be equitably allocated. All reasonable measures must also have already been taken. Any such recommended benefit reductions are also subject to a participant vote. If the Trustees of the Plan determine that the above benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions.

**Future Experience and Possible Adjustments**

The rehabilitation plan is based on a number of assumptions about future experience and may need to be adjusted in the future if such assumptions are not met. Additional contribution rate increases and/or reductions in the rate at which benefits are earned may be needed if the Fund were to suffer asset returns below the expected 7.50% in the 2017-18 plan year or later, a drop in the hours worked, or poor experience from other sources. If, at some point in time, the Trustees determine that further adjustments are necessary, you will receive a separate notice identifying and explaining the effect of those changes.

**Where to Get More Information**

You have a right to receive a copy of the rehabilitation plan and any updates to that plan. To receive a copy of the latest version, you may contact the Benefit Office at 33 Fitch Boulevard, Austintown, OH, 44515-2202 or by telephone at (800) 435-2388.
