NOTICE OF ENDANGERED STATUS

This is to inform you that on November 29, 2017 the Plan's actuary certified to the U.S. Department of the Treasury and to the Board of Trustees (the Plan sponsor or Trustees) that the Plan is in endangered status for the Plan Year beginning September 1, 2017. Federal law requires that you receive this Notice. In the future, you will receive an annual update of the Fund's status and the progress it is making toward the goals described below.

Endangered Status

The Fund is considered to be in endangered status because the funded percentage is less than the 80% threshold established for endangered status. The Fund's actuary determined that the Fund's funded percentage was 59.7% on September 1, 2017. The funded percentage is the fraction of earned benefits that could be funded with existing Fund assets.

Funding Improvement Plan

Federal law requires pension plans in endangered status to adopt a funding improvement plan aimed at restoring the financial health of the plan. The funding improvement plan must be adopted by the Board of Trustees on or before July 27, 2018, and will require that the funded percentage improve at least 33% of the way to 100% during the "funding improvement period". The funding improvement period will be the ten year period from September 1, 2020 through August 31, 2030 or, if earlier, the date the Fund's Actuary certifies that the Fund has emerged from endangered status.

Future Experience and Possible Adjustments

The funding improvement plan will be based on a number of assumptions about future experience and may need to be adjusted if those assumptions are not met. Additional contribution rate increases and/or benefit reductions may be needed if those assumptions are not met. You will receive a separate notice identifying and explaining any changes in benefits.

Commitment to Continued Improvement

The Board of Trustees and Bargaining Parties have taken steps to improve the funding of the Plan. The goal of the Board of Trustees is that the Fund will emerge from endangered status and continue to see improved funded percentages. The Trustees remain committed to the proper funding of your pension benefits and assure you that they will take appropriate actions to meet this goal.
