

# Plumbers' Union Local No. 12 Pension Plan

EIN: 04-6023174 / PN: 001

## Notice of Election under WRERA §204

This Notice is to inform you that on November 24, 2009 the Plan actuary certified to the U.S. Department of the Treasury and to the plan sponsor (the Local and the Employers' Association) that the Plan is in "Seriously Endangered" Status for the plan year beginning September 1, 2009. However, the Trustees have elected, as allowed under §204 of the Worker, Retiree, and Employer Recovery Act of 2008 ("WRERA"), to "freeze" the current funding certification based on the previous plan year's status, so the Plan will **remain in the same Funded Status in 2009 as it was in 2008**. This means that the Plan will remain as in neither "Endangered" nor "Seriously Endangered" nor "Critical" Status as of September 1, 2009. As required by federal law, this Notice tells you that the Trustees made this election for the 2009 plan year.

This election applies for the current (2009) plan year only. If the plan's actuary certifies the Plan to be in "Endangered," "Seriously Endangered," or "Critical" Status for the 2010 year, the plan sponsor will provide you with a notice of the plan's status (i.e., "Endangered," "Seriously Endangered," or "Critical") for that year. The Trustees will then review steps to be taken to improve the plan's funded situation, which may include increases in contributions and reductions in future benefit accruals.
