Worker, Retiree, and Employer Recovery Act of 2008 (WRERA) – Special Notice

Plan Name: International Brotherhood of Teamsters Local No. 710 Pension Plan
Plan EIN: 36-2377656
Plan Number: 001

This plan has made an election under section 204 of WRERA to treat the plan as being neither in endangered nor critical status for the plan year beginning on February 1, 2009. This WRERA election will only apply for this plan year. If the plan is certified to be in endangered or critical status for the year following the election year, the plan sponsor will provide notice of the plan's status and steps will have to be taken to improve the plan's funded situation. Some of these steps may include increases in contributions and reductions in future benefit accruals.

For this plan year beginning on February 1, 2009, the plan actuary has certified the plan's status is endangered. The WRERA election allows the plan to delay the steps required by an endangered or critical status certification.

Additional information about the WRERA election can be obtained from the plan administrator at:
