### NOTICE TO PARTICIPANTS AND BENEFICIARIES IN THE ILWU (HAWAII) - EMPLOYERS GENERAL PENSION PLAN

The Worker, Retiree, and Employer Recovery Act of 2008 (WRERA), Section 204, allows plan sponsors of Multiemployer defined benefit plans to temporarily freeze the plan's funding status for the current plan year to be the same as that of the preceding plan year, despite an actuarial certification of a less favorable funding status for the current year. This notice is being provided to you because the Board of Trustees (the "plan sponsor") of the ILWU (Hawaii) - Employers General Pension Plan (the "Plan") has agreed to make a Section 204 election to freeze the Plan's funding status for 2009 to be "*neither endangered nor critical*" (2008 funding status).

- (10) Without the section 204 election (if no election were made), the Plan's actuary has certified that the Plan's funding status for the current plan year is endangered.
- (11) The section 204 election by the Board of Trustees applies only to the current plan year. If the Plan is certified by the Plan's actuary to be in endangered or critical status for the following plan year (plan year beginning January 1, 2010 and ending on December 31, 2010), the Board of Trustees will provide notice of the Plan's status (i.e., endangered or critical) for 2010 and information regarding the steps that will have to be taken to improve the Plan's funded situation.
