Subject: Comment in support of RIN 1210-AB30

April 24, 2010

I am writing in support of mental health parity with other forms of health care. This is such an important issue to me personally and should be of concern to every American. There should not be a double standard in care.

Please make health care reform even better by supporting this rule.

Sincerely,  
Marie Nersesian  
9 True Ave  
Derry NH 03038

Sincerely,

Marie Nersesian
