April 24, 2010

I am writing to support the interim final rule under the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (RIN 1210-AB30).

As a mental health practitioner, I know that mental health disorders are inextricable from physiological conditions. Insurance companies must be held accountable for coverage of mental health in the same way as other medical conditions are covered.

I support the strong rule that would forbid insurance companies from charging higher copayments, deductibles, and other out-of-pocket expenses for mental health treatment than they would for other physical health care. Thank you for ensuring that mental health care and physical health care coverage are included in a single deductible.

Sincerely,

Jolyn Wells-Moran
