Subject: Comment in support of RIN 1210-AB30

April 25, 2010

I am writing to support the interim final rule under the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (RIN 1210-AB30).

I support forbidding insurance companies from charging more for mental health treatment than they would for physical health care. The better we care for our society's mental health, the more effective we are in business, production and even in law enforcement and military strength.

Thank you for ensuring that mental and physical health care coverage are included in a single deductible.

Sincerely,

Malaika Boyd
