Subject: Comment in support of RIN 1210-AB30

April 26, 2010

I am writing to support the interim final rule under the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (RIN 1210-AB30).

I support the strong rule that would forbid insurance companies from charging higher copayments, deductibles, and other out-of-pocket expenses for mental health treatment than they would for other physical health care. Thank you for ensuring that mental health care and physical health care coverage are included in a single deductible.

Your brain is part of your body, as are teeth, mental health, and oral health should not be treated differently by insurance companies. If one does not get the care needed for mental and dental health it can cause death. I support Single Payer health care for America, but if we must continue to work with the thieves in the insurance industry PLEASE be sure they cover physical, mental and dental health equally.

Sincerely,

S. Horvik
