Subject: Comment in support of RIN 1210-AB30

April 29, 2010

I support the interim final rule under the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (RIN 1210-AB30).

Considering all the misery, abuse and crime that mental health and addiction problems cause in our country, it is imperative that mental health care and physical health care coverage be treated equally, included in a single deductible.

Sincerely,
