General Comment

I am supporting the language in the Paul Wellstone and Pete Domenici Mental Health Parity and Addiciton Equity Act. I strongly feel that it is about time that the mentally ill are not discriminated against. I strongly feel that one deductible is all anyone can afford and dividing and adding extra penalties is discrimination again. No one chooses to have a mental illness just as no one chooses to have a heart attack. It is an illness. I strongly urge that this bill is not watered down. It is the right and humane thing to do.
