General Comment

I encourage adoption of the mental health parity and inclusion of behavioral mental health treatment including biofeedback modalities. As a therapist working in Colorado for the past 16 years, I have seen on many occasions the efficacy of biofeedback and behavioral approaches for a wide variety of conditions. I believe that the committees should consider adoption or review of the Colorado Department of Labor's Medical Treatment Guidelines which includes use of psychological and behavioral treatment for a variety of conditions. For information please follow this link http://www.coworkforce.com/dwc/medical_treatment.asp

Sincerely,

Daniel McKenna, MA, BCIAC
