General Comment

Re: RIN 1210-AB32

I am requesting that the comment period be extended further, to 120 days. the current 90 day period is still too short a time to adequately prepare constructive comments. We need sufficient time to analyze how the rule will impact our clients, advisors, and our business practices, especially within the IRA sphere.

We want to ensure that we are able to provide DOL with "thoughtful constructive commentary" that will be helpful in their review of the proposal. Because of the length of the proposal, neither of the above objectives can be adequately accomplished within the 90 day comment period that is currently attached to the proposal.
