General Comment

Without my help, middle class will be left to fend for themselves. I help open up IRA accounts in great performing mutual funds for as little as \$25/month! Without representatives like me who serve middle class, no one else will sit and teach them the rules of the money game and will never get a chance to open an account. This is middle class' only hope to retire with dignity. Pension plans are being stripped away, and social security benefits will be gas money by the time some get to retirement, Without my help in the distribution process, middle class will never have the chance to open and understand IRA's and never be able to retire.
