Dear Sir/Madam:

We would like to voice out our rights against this proposal. This would impact the consumer and also the people working in this industry. The people working in the field and the insurance company is hand in hand in giving the consumer right solution that will benefit them with safe and growth of their hard earn money.

Every state is protected by Department of Insurance in favor with the consumer and general public as well.

The above proposal will not be beneficial to the consumer, general public, people who is working to help families and in the insurance industry in the entire states of this nation.

We hope you will listen to our righteous message and do favorable action to stop this fiduciary rule proposal.

God Bless America.
